

FBM seating collection

The **FBM** seating collection offers comfort and styling combined with aesthetics, ergonomics and sensitivity, most models are available in a choice of fabric or vinyl. Within this collection you have a wide choice of seating required for the office, boardroom and breakout areas.

A chair that suits one person may not suit another...

So if you are sitting on an adjustable chair, it is essential the user sets it up to their personal requirements to maintain a good working position as well as adopting a good seated posture.

1. Monitor at eye level to prevent hunching over
2. Keyboard at elbow height for arms and shoulder alignment
3. Adjustable seatback support for lower back
4. Chair adjusted, thighs parallel to floor
5. Footrest if necessary for comfort and stability

contents.
